PEDS 360+

COMPREHENSIVE PEDIATRIC CARE. REIMAGINED.

Jenkintown's first integrative pediatric practice.

Evidence-based medicine. Whole-child wellness.
One trusted home for your family's health.

[Hero Image — Diverse Family]

Birth through age 21
Same-day sick visits · 24/7 nurse access

Now Welcoming New Patients

MEDICAL CARE YOU CAN TRUST

Peds 360 + is built on the foundation of evidence-based pediatric medicine. Our board-certified pediatricians deliver the same clinical rigor families expect from major academic medical centers — with the warmth and accessibility of a neighborhood practice.

CORE MEDICAL SERVICES

Same-Day Sick Visits

Fever, ear pain, sore throat, rashes, stomach issues, injuries. Call before 11 AM and we'll see your child the same day.

Well-Child Visits

AAP-aligned schedule from newborn through age 21. Developmental screening, growth tracking, anticipatory guidance.

Vaccinations

Full CDC/ACIP schedule. Flu, COVID-19, HPV, meningitis, travel vaccines. We follow the recommended schedule and discuss every question openly.

24/7 Nurse Triage Line

A registered nurse answers — day or night, weekends, holidays. Real clinical guidance when you need it most.

School & Sports Physicals

PIAA-compliant athletic clearances, pre-K through college physicals, camp forms, DOT forms for older teens.

Behavioral & Developmental Health

ADHD evaluation · anxiety/depression screening · autism developmental screening · school accommodation letters.

Specialty Coordination

Direct referral pathways to CHOP, St. Christopher's, Jefferson, and Penn pediatric specialists.

WE CARE FOR THE WHOLE FAMILY

A child's health doesn't exist in isolation. It lives inside a family — and families come in every shape.

FOR PARENTS

Routine and urgent pediatric care, developmental guidance, parenting support, and a clinical team that listens.

For the Forgotten Heroes

We see you.

- **Grandparents** raising grandchildren
- **Aunts and Uncles** as primary caregivers
- **Foster & Kinship Parents** navigating complex histories
- **Step-Parents** building blended-family routines
- **Big Brothers Big Sisters** volunteers
- **Caretakers** of children with special needs

You carry the weight of a child's wellbeing. Peds 360 + carries it with you.

COMMUNITY PARTNERSHIPS

- Local public, charter, and parochial schools
- Faith communities across Montgomery & Philadelphia counties
- Big Brothers Big Sisters of Greater Philadelphia
- Foster care & kinship support networks
- After-school & youth development programs

One Family · One Practice · 360° of Care

INTEGRATIVE WELLNESS

A natural extension of clinical care.

Modern pediatrics demands more than treating illness. At **wellness.peds360plus.com**, we extend our medical foundation into the daily habits that build lifelong health.

Pediatric Integrative Medicine

Evidence-informed therapies layered onto conventional pediatric care — always coordinated with your child's medical team.

Clinical Nutrition

Registered dietitians specializing in pediatric growth, picky eating, food allergies, weight management, sports nutrition, and eating-disorder recovery.

Mental Health

Licensed pediatric therapists for anxiety, depression, ADHD coaching, trauma-informed care, and family therapy.

Mind-Body & Stress Management

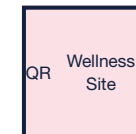

Age-appropriate mindfulness, breathwork, and resilience-building for children, teens, and the adults who care for them.

Sleep Health

Infant sleep coaching, adolescent sleep hygiene, evaluation for sleep-disordered breathing.

Family Health Coaching

Whole-family lifestyle plans — nutrition, movement, screen time, sleep, and stress — designed by clinicians.
